

On behalf of the City of Scottville, I am requesting consideration for the BridgeBuilders Grant.

The city, along with local businesses and residents has been working hard to revitalize our downtown area for both existing and future businesses.

Part of this would be to invest in making the downtown area more visually appealing. We would like to improve blighted store fronts, install American flags, DDA flower program and improve our Pocket Park.

After a period of tough economic times, especially on small towns, we are excited to make improvements to our downtown area.

Thank you for your consideration.

Aaron Seiter

A handwritten signature in black ink, appearing to read "Aaron Seiter", is written over a horizontal line.

Mayor Pro-Tem, City of Scottville
