To whom it may concern,

On behalf of the Village of Berrien Springs, I am pleased to offer my support for the North Main Street Mural Greenspace project. This collaborative project will beautify a downtown building and offer a space for residents to relax and enjoy beautiful artwork.

As the Village works towards its goal of bringing people downtown through activities and initiatives, I lend my full support to this project in the hopes that it will be an additional way to bring our community together by working with local businesses, the school system, and the residents. I see the North Main Street Mural Greenspace project as a catalyst for continued community growth.

We hope you will look positively at this grant application. Thank you for your consideration.

Sincerely,

Sheila Snyder  
Council Member, Village of Berrien Springs
